ENTIRE CLUB IS POISONED.

Refreshments at Reception at Blakely Contained Poison.

Cuthbert, Ga., March 25.—Cuthbert's social set were thrown into much excitement, and matters looked serious for many for a time.

The Matrons' Bridge club had enjoyed a social function at the home of one of their members in the morning and returned to their homes about noon. During the course of the entertainment ice and salad courses were served.

During the afternoon, from time to time the members were taken sick with poisoning symptoms and physicians were hurriedly summoned.

Some of the members were at home others preparing to attend another function, others on the way, and others actually in attendance, when taken ill. Some were seriously affected. Several of the local physicians were out of town and the remaining ones were kept busy.

In the making of some of the refreshments served the use of some vessel as to create a poison of some of the ingredients is supposed to have been the cause of the unfortunate affair.

BANQUET GIVEN TO JUDGE.

Columbus Friends Tender a Feast at the Hotel Racine.

Columbus, Ga., March 25.—A dinner was tendered Hon. Charles R. Williams, one of the two new district judges for the isthmian canal zone, at the Hotel Racine Friday evening.

Quite a number of his intimate friends were present, and the occasion was an exceedingly pleasant one in every way. The dinner was given as a special compliment to the popular Columbus lawyer, whose appointment to a federal judgeship is a matter of sincere gratification to his host of friends here, although they regret that he will leave the city.

Judge Williams will leave Monday for New York and will sail on the 25th for Panama, where he will take up his new judicial duties immediately upon arrival.

No "Clansman" for Americus.

Americus, Ga., March 25.—The presentation of "The Clansman," dated at the theater here, has been prohibited by the council at the request of the Americus Ministerial association. The request upon the association was made by negro preachers here, who were doubtless apprehensive, in view of the murder of the police officer, Mr. Morris, by a negro, Bill Reese, recently, and the shooting to death of Reese by a police posse afterwards. While cordial relations between the races have existed since the recent double tragedy, the request of the ministerial association was readily granted by the city council, and "The Clansman" barred.

Cleveland Dodged the Reception.

New York, March 25.—Ex-President Cleveland returned to his home in Princeton Friday, after a hunting trip of two weeks to the south, and dodged a reception that had been planned for him by Princeton students. For the last week the undergraduates have waited Mr. Cleveland on his return to give him an ovation in honor of his seventieth birthday, and to present him a silver loving cup. Mr. Cleveland was evidently anxious to avoid a demonstration after the fatigue of his long journey, so instead of going into Princeton by the branch train, he took a carriage at the junction and drove to his home 3 miles away.

Shot and Robbed.

Fairmount, Ga., March 25.—J. O. Ovvey, a well known railroad foreman, living at Corriston, 15 miles from here, was shot and robbed of $146. A negro whom Mr. Ovvey formerly had in his employ, is suspected of the crime, and a posse is making every effort to capture him.

GAMBLER MURDERS TWO TEXAS OFFICERS

Gambling Raid Ends In Death of Two Men.

DOUBLE MURDERER WILL DIE

Five Thousand People Took Part In Chase of Gambler Who Took Refuge In Lumber Yard—A Thrilling Triple Tragedy.

Fort Worth, Tex., March 25.—As a result of a raid on a gambling house here County Attorney Jeff D. McLean was shot and killed and Hemil P. Scott, a member of the raiding party, fatally wounded by William Thompson, proprietor of the resort raided. Half an hour later Thompson was surrounded in a lumber yard within a hundred yards of the place where Scott was shot down, and captured after a desperate fight in which Thompson received bullet injuries that will probably acuse his death within a few hours.

The series of tragedies were of the most sensational and spectacular character, and were witnessed by hundreds of men and women, including many members of the state legislature here in attendance on a fat stock show.

The house raided is located on the main street, near the corner of Sixth, right in the heart of the retail district.

Shortly before 5 o'clock County Attorney McLean, heading a party of deputies, forced an entrance into the place, placed a number of men under arrest and loaded a furniture wagon with tables and other paraphernalia. The wagon with the confiscated furniture had just moved off when Thompson approached McLean, who was standing on the sidewalk, and when within a few feet of the official, fired one shot, the bullet striking McLean in the throat, breaking his neck and causing almost instant death. As McLean fell, Thompson turned and ran west on Sixth street, with Scott in pusuit.

Dodging behind a bill board at the corner of Seventh and Throckmoreon street, Thompson ambused Scott and shot the deputy three times in the body. When Scott fell Thompson stopped only long enough to discard his empty pistol for the one carried by the dying deputy, and renewed his flight.

By this time a score of policemen and deputy sheriffs followed by hundreds of excited men and boys were in pursuit of Thompson, who found temporary refuge in a lumber shed, just across the street from the Tourane hotel, the most fashionable hostlery in the city. Here he was located by Patrolmen Bell and Loyd.

Thompson, by this time, thoroughly desperate and with the cry of "lynch him" ringing in his ears, was ready for a fight to the death.

While the crowd which had followed him were willing enough to cry lynch him and would have followed a leader, the whole thing had happened so suddenly, that the mob hesitated. But Policeman Denis Loyd had seen the fugitive enter the covered lumber yard and followed him there.

Finally Thompson was located behind a stack of lumber. He saw the officer about the same time the officer saw him, and they fired at each other, at close range, almost simultaneously. What the effect of this exchange was is not known, but Policeman Bell, coming to the aid of his brother officer at this time, was directed around the other side of the lumber pile, with the idea of heading off escape and while the crowd was cautiously feeling its way at the door of the lumber yard, Bell and Loyd opened on Thompson and the latter returned their fire. The officers wounded Thompson in three places and he is probably fatally injured.

As soon as the shots were heard on the inside of the lumber yard, the mob on the outside numbered fully five thousand people. Soon the news [illegible] that five officers had been kill- [illegible] lum-

of lynch him., but there was no leader and the crowd was impotent.

As the story was repeated, the crowd became wilder and more excited and men, women and boys surged in a great mass about the streets intersecting at Seventh and Throckmoten. At this time the police patrol wagon came dashing along through the crowd and soon the officers came out dragging Thompson with them and holding their empty revolvers in their hands.

The mob then threw themselves upon the officers and were only prevented from attacking Thompson by the declaration that the double murderer was dead. He was loaded into the wagon, and lying on its floor, it dashed off down the street two blocks to the police station.

With men hanging on the steps of the wagon and demanding the life of the wounded prisoner, the race was made to the station and the prisoner was carried bodily into the police hospital.

The story was then spread that he was dead, and the mob quieted.

"Gas" Addicks at Savannah.

Savannah, Ga., March 25.—J. Edward Addicks, "Gas," as he is often known, was in Savannah Friday. Mr. Addicks said: "I am very well contented with my work in Delaware. I fought to liberate the people from the miserable government they had before I took an interest in the affairs of the state. I have more personal friends in the state than has any other man in it, and of them I am as proud as one could be. Though I am not as young as I once was, I am still taking a strong interest in the politics of the state.

To Have Control of Russian Churches.

New York, March 25.—The Rt. Rev. Innocente Pusonsky, bishop of the Orthodox Russian church in Alaska, who will succeed the Most Rev. T. Tikohan, archbishop of North America and the Aleutian islands, arrived here Friday. Bishop Pustonsky, will have control of all the Russian Orthodox churches in the United States, Canada and Alaska, which has a total of 50,000 communicants. His headquarters will be in the St. Nicholas cathedral in this city.

Churchmen Will Work for Union.

Oklahoma City, Okla., March 25.—Two hundred and sixty churchmen from the Central Southwestern states here Friday night formed a federation to work for the union of the North and South Methodist churches all throughout the country. A committee was named as follows to spread the movement: A. H. Classen, of Oklahoma City, chairman; Dr. Bullock, of St. Joseph, Mo., secretary; Judge C. B. Ames, Oklahoma City, and J. A. Freeman, of Stll Louis.

Visiting Churches of Madrid.

Madrid, March 25.—Victoria, accompanied by the king, has begun a series of visits to the churches of Madrid. Thi sis in accordance with an established custom when a Spanish queen is about to become a mother. The queen first went to the church of Santa Maria where she was received by the priests at the entrance. The royal couple were then escorted to the altar where they prayed. Visits to the other churches will follow.

Millionaire's Son in Trouble.

Sapupia, I. T., March 25.—Ward M. Snyder, said to be a son of Nicholas Snyder, a millionaire oil operator of Pittsburg, was indicted by a federal grand jury here on a charge of bigamy. He was committed to the federal jail at Muskogee, in default of bail. The indictment was returned on evidence by Jeannette Roe Killian, a young woman whom he married here in January.

$750,000 FIRE AT PINE BLUFF

Plant of Bluff City Lumber Company Destroyed.

SECOND FIRE FOR PINE BLUFF.

Fire Started in Boiler Room and Entire City Fire Department Responded—Company One of the Largest Concerns in Pine Bluff, Ark.

Pine Bluff, Ark., March 25.—Fire Friday swept over the entire plant of the Bluff City Lumber company and destroyed several small dwellings owned by the company. The loss is variously estimated at from $500,000 to $750,000.

When the fire started in the boiler room of the lumber plant the entire fire department responded, but it was soon apparent that the water pressure was not sufficient to subdue the flames. The fire spread rapidly and several cottages in the imediate vicinity of the plant were razed to the ground by the use of dynamite.

The Bluff City Lumber company is one of the largest concerns in Pine Bluff and large quantities was stacked in the yards. This was destroyed or badly damaged.

About a month ago the eastern section of Pine Bluff was visited by a disastrous fire, entailing a loss of $200,000. It was then said the water pressure was inadequate and arrangements were being made to correct the trouble.

Charged with Murder and Larceny.

Hattiesburg, Miss., March 25—Joseph Pettus, president of the People's bank, a negro institution of this city, was Saturday arrested and charged with the murder of Edward Howell, the cashier of the bank, who was waylaid and shot to death here on the night of March 19.— Pettus and Howell were the only persons who knew the combination to the bank vault. After the murder the vault was opened and several notes Pettus owed the bank and $2,700 in cash were taken out. This led to the arrest of Pettus, who is charged with grand larceny. Pettus is a leader here among the negroes.

Sustains Democratic Party.

Louisville, Ky., March 25.—Judges Miller and Kirby Saturday handed down a decision in the contested Louisville City election cases sustaining the Democratic party and refusing to nullify the 1905 election by which P. C. Barth was chosen mayor, except in a few unimportant races involving only magistrates and constables. The court holds that fraud was practiced in Louisville in the election of 1905, but that it was not sufficient to invalidate the election. All the pleas of the fusionist principal races are overruled. An appeal will be taken to the state court of appeals.

Tells Why He Was Prosecuted.

Kansas City, Mo., March 25.—Former Senator Joseph R. Burton, enroute from Ironton, Mo., to his home at Abilene, Kan., passed through Kansas City Saturday morning, spending half an nour here between trains. A number of Kansas politicians and friends met Mr. Burton here and acted as an escort to Abilene. He arrived in Abilene on Saturday afternoon and a reception was planned there to mark his homecoming. Saturday night he delivered a speech to his towns people in which he explained "Why I Was Prosecuted."

Death Follows Foot Wound.

Doraville, Ga., March 25—Jno. M. Holbrook died at his home near here as the result of a gunshot wound. Four weeks ago last Wednesday he was out hunting when one of the party, who was carrying a double-barrel shotgun, undertook to let down the hammer, and put his thumb on the right-hand hammer and pulled the lefthand trigger. The gun was discharged, the load of shot passing entirely through Mr. Holbrook's foot.

COME EARLY.

...NESVILLE ...E COMP'Y

in a fence corner, whether the common heritage and future of every child in this town is to harvest hoop poles, plant hogs and draw fat bacon-rinds down the shining blade of a buck-saw.

I do not build the spasmodic sob nor spill the scalding tear, because all men are not in quest of the Holy Grail, and all humanity angels with two pair of reversible wings. I might be lonesome in a world like that. I do not expect to see religion without cant, wealth without want and virtue without vice, but I do hope to see the citizens of this community as a band of brothers put their shoulders to the oar of progress and continue to improve and build a city that even now is spoken of daily over this State as a model for good government, morality and advancement to better conditions.

Government, Municipal, State or National, is a corporation in which every citizen is a stockholder, sharing in the gains or losses, and when efficient and faithful servants are elected as guardians of a city's honor through weal and woe it is absurd to turn them adrift to make a place for those untried and filled with passion and prejudice.

I admire every man's independence of thought, doubt of accepted dogmas, the spirit of inquiry and the desire to know—yet commonsense teaches us to subserve our interests to those of a whole and to what is best and good. No Celt or Saxon with aspiring mind, with swelling muscles and heart that flames whith the fierce joy of strong endeavor, that thrills with the sweetness of sacrifice for others' sake, that exalts with the glory of civic virtues, and progress can look upon the city of Gainesville and its upbuilding and improvements without a feeling of respect and due appreciation for the men who are doing all this in the face of opposition and lack of co operation of the whole.

Every reform the world has ever known, every effort that has lifted man another notch above the lower level, every gem of knowledge that gleams in the great world's intellectual crown of glory, every step towards progression, was the work of men who were not satisfied with the world's condition, and set determinedly to work to better it, while at the same time were denounced and denied, belittled and belied, yet triumphed in the end, and so the year 1906-7 in the city of Gainesville marks an era of human triumphs, brilliant victories over the cohorts of passion and prejudice

Fronting the dawn of a grander day, the hands of the better element must be ungloved, their brain unfettered, with broader opportunities for usefulness, and a nobler beauty than during the dark and dreary days that lie behind like a hideous dream. So, to the careful and loving hands of the present administration, the citizens should commit her future, her destiny and to their true hearts, the salvation of her morality, improvements and good government.

THE CITY TAXES.

Monday Will be Last Day They Can be Paid Without Extra Expense.

City Tax Collector Ellis stated to The Sun reporter Monday that collections of city taxes had been rather encouraging so far, but there were still many who have been negligent or procrastinated in the matter of paying up. The Collector further stated that next Monday would be the last day in which owners of property could pay taxes without extra expense, and that he hopes to have many more come forward, as he desires the delinquent list this year to show a very small arrearage of taxpayers.

Notwithstanding that taxes are higher than they have been in former years, naturally on account of the many public improvements, property owners as a rule have paid with less reluctance, and with more promptness than usual in former years.

Collector Ellis appears very much gratified at this condition of affairs, which he says naturally means that the people are more prosperous and contented.

How to Remain Young.

To continue young in health and strength, do as Mrs. N. F. Rowan, McDonough, Ga., did. She says: "Three bottles of Electric Bitters cured me of chronic liver and stomach trouble, complicated with such an unhealthy condition of the blood that my skin turned red as flannel. I am now practically 20 years younger than before I took Electric Bitters. I can now do all my work with ease and assist in my husband's store." Guaranteed at all drug stores. ...

One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the appoval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

WILL POSTPONE TOUR.

Rev. Hundley's Party Will Not Leave For European Trip Until Next Year.

A few days ago The Sun published an authorized statement from Rev. W. T. Houdley of Virginia, for several years pastor of the First Baptist Church in this city, to the effect that he was organizing a party for a European tour, and inviting his friends here to join him. He stated that the party would leave the coming summer, and the itinerary included several European countries, and would occupy about three months.

This was considered as an excellent opportunity by friends of Mr. Hundley here, for the reason that the trip would be so much more pleasant if it was under his personal direction, hence Mrs Jas. M. Graham, who, with her husband and two other friends who desired to accompany them, were happy.

Mrs Graham wrote Mr. Hundley at once in the matter, and was disappointed to ascertain from his answer that the trip had been postponed until 1908

Often The Kidneys Are Weakened by Over-Work

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle ... by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

ALACHUA SOIL IS VERY PRODUCTIVE

Practical Illustrations Evidence That Farming Will Pay.

AN IMMENSE COTTON YIELD

By One East End Planter, Who Harvested Nearly a Bale to the Acre, Because He Applied Practical Methods. A Lesson to the Farmers.

Not a county in this entire State of Florida is more fertile, or will yield more prolific results, than Alachua, if the soil is properly and practically prepared. This fact has been demonstrated time and again by those who exercise some energy and practical methods, which is necessary to success in every business or profession.

Through the courtesy of Assistant County Tax Assessor John C. McGrew, The Sun man had the opportunity of looking over the reports from various sections of the county, the majority of which, from well-to-do and energetic farmers, who farm on a practical scale, make a remarkable showing.

As an example of what practical farming will accomplish in a yield, we have but to refer to the report of J. A. Maultsby of Campville. Mr. Maultsby may not be placed in the category of a farmer, because he is not; but he is a manufacturer and a man of good, sound business and practical judgment. Being located in a section and in a business, however, where he could devote some of his time to tilling of the soil, we find that, from thirty-five acres of land which he sowed in Sea Island cotton last year, he harvested twenty-five bales, while the average farmer from this same tract, working just as hard but with a lack of system, did not produce more than sixteen or seventeen bales.

Mr. Maultsby, the report shows, also harvested 2,000 bushels of potatoes from eight acres.

J. Morgan Fennell spent Sunday in Palatka with relatives and friends.

Deputy Sheriff I. C. Walker has returned from an official visit to Newberry and other points.

Mrs. C. R. Carter of Micanopy was in the city Sunday, a guest of her sister, Mrs. J. Fletcher Hill.

W. A. Walls of Clark has returned to his home, after a pleasant visit to his sister, Mrs. W. M. Johnson, in this city.

If you want something real good, we have choice fresh tomatoes and strawberries for today's trade. A. B. Oliver.

R. T. Arnold is expected home today from Tampa, where he went to spend Sunday with his parents and friends.

Master Baker Spann of Sumter, S. C., who has been here on a visit to Master Park Hay, left for his home yesterday.

S. O. Weaver has returned from Lakeland and St. Petersburg, where he went several days ago on a combined business and pleasure trip.

DeWitt Hague of Hague was in the city yesterday. DeWitt is one of the progressive young men of his section, and a credit to his parents, Mr. and Mrs. W. C. Hague.

Mrs. J. G. Laury of Washington, who has been spending the winter here, left for her home yesterday. She was well pleased and expects to return early next season.

Wanted, three families at Windsor, one to work on a truck farm, two to work on a poultry farm. Everything furnished. Address the Gainesville Automobile Co., or Brown, the Plumber, Windsor, Fla.

W. T. Waters, the trucker of Hickman, returned to that place yesterday, after two days spent with his wife here. Mr. Waters, like the rest of the farmers, is complaining of the continued drought, which is going to prove a serious detriment to the country.

Captain J. W. Talbot, father of Mrs. Wm. Anderson of this city, died at his home in Brunswick, Ga., early Monday morning. The information came to Mr. Anderson by telegram during Monday, Mrs. Anderson being at the bed-

the oldest and most experienced pilots on the Brunswick bar.

Among the visitors to this city for the past two or three days is Dr. W. L. Seigler, for many years engaged in the profession of dentistry here, but now residing in Johnston, S. C. His numerous friends are glad to welcome him again. Dr. Seigler is very much impressed with Gainesville's progress since he left here.

Ira J. Carter, formerly of Judson and Newberry, was in the city yesterday. Mr. Carter, who disposed of his mercantile interests at Newberry a few weeks ago, will engage in farming and the mercantile business near Rutledge. He is now working on his store building, and expects to open up his stock of general merchandise, which will be a large and diversified one, in a few days.

Sheriff L. W. Fennell is in Valdosta, Ga., where he was called on Sunday on account of the illness of Mrs. Dr. Z. M. Price of Micanopy, who is very ill. Mrs. Price, it will be remembered, underwent a surgical operation at the Odd Fellows' Sanitarium, which was a most critical one. She survived nicely, however, and was moved to a sanitarium in Valdosta, but a relapse occurred, and the lady is now in a serious condition. Dr. Price left yesterday for Valdosta. It is hoped he found the condition of the patient improved.

Fred Gaskell of Ocala passed through the city a day or two ago. Mr. Gaskell, who is one of the best known and most popular young men in the Brick City, was for years connected with the clothing department of the H. B. Masters Company, Ocala, and no salesman was more successful, or enjoyed a wider acquaintance, than he. Mr. Gaskell has been in ill health for the past few months, and goes to Asheville with the hope that the change will prove beneficial to him. He has many friends in Gainesville, all of whom hope to see him return to his home in a short time entirely recovered.

Worked Like a Charm.

Mr. D. N. Walker, editor of that spicy journal, The Enterprise, Louisa, Va., says: "I ran a nail in my foot last week and at once applied Bucklen's Arnica Salve. No inflammation followed; the salve simply healed the wound." Heals every sore, burn and skin disease. Guaranteed at all drug stores. 25c.

Holy Trinity Church.

Holy Week services at Holy Trinity Episcopal Church, Rev. F. H. Craighill, will be held as follows:

Tuesday, 7 a. m. and 5 p. m; Wednesday, 7 a. m. and 5 p. m.; Thursday, 7 a. m., 5 p. m. and 7:30 p. m.; Friday, 7 a. m., 10:30 a. m and 5 p. m.; Saturday, 7 a. m. and 5 p. m.

WEST LIBERTY POPULAR.

This Thoroughfare Crowded With Visitors and Citizens All the Time.

Sunday afternoon there was a continuous line of vehicles and pedestrians on West Liberty street between the University and the city until after dark. Our people are proud of this fine boulevard, and many never lose an opportunity of going out and noting the improvements which are constantly going on about the University.

A temporary sidewalk has recently been laid along the avenue in front of the campus. This is to be replaced later by a seven-foot granolithic sidewalk which will lead directly to the main entrance to the athletic grounds. In fact the entire campus and grounds will gradually be made a thing of beauty.

We understand the elaborate scheme of landscape gardening which is to be gradually carried out will give the University the most beautiful grounds of any institution of the kind in the country, not even excepting those of the old New England colleges.

Most of the visitors every day now take occasion to admire the beautiful site of the new College Park subdivision. Many express the opinion that it is ideal—situated as it is on beautiful ground directly in front of the University. The College Park Company have placed a large, handsome sign on their property, calling attention to the reasonable price and terms on which lots in this subdivision can be purchased.

Saved Her Son's Life.

The happiest mother in the little town of Ava, Mo., is Mrs. S. Ruppee. She writes: "One year ago my son was down with such serious lung trouble that our physician was unable to help him; when, by our druggist's advice I began giving him Dr. King's New Discovery, and I soon noticed improvement. I kept this treatment up for a few weeks when he was perfectly well. He has worked steadily since at carpenter work. Dr. King's New Discovery saved his life." Guaranteed best cough and cold cure by all druggists. 50c and $1.00. Trial bottle free.

Investigating Railroad Conditions.

Salt Lake City, March 25—A senatorial committee of five members will continue the investigation of railroad conditions in Utah, begun during the last session of the legislature and will report during the next general assembly two years hence. Members of the committe say that in the event the coal famine of last winter is repealed next season, the governor will be urged to call a special session of the legislature to deal with the question.

A QUESTION

When Eating an Orange Why Do You Throw the Skin Away?

You immediately answer, because the skin is indigestible, unpalatable, useless.

This delicious and nutritious fruit has a parallel in cod liver oil. Over fifty medicinal alkaloids or curative elements are to be found in the cod's liver, and for centuries people have been swallowing the greasy, indigestible, nauseating oil, either in its raw form or in an emulsion, to get the benefit of these medicinal elements.

Now it has been proven by two celebrated French chemists that the oil which envelopes the curative properties found in the cod's liver is just as useless as the skin of an orange, and have discovered a way to separate all of these medicinal elements from the oil, retaining all that is good and eliminating the bad, and thus make Vinol.

This will explain what a valuable medicine Vinol is, and why it is superseding old-fashioned cod liver oil and emulsions, and why it has been so successful in curing stomach troubles, giving strength and renewed vitality to the weak, run-down and aged, and curing chronic coughs, colds, and building up the convalescent, and it is because we know so well of what Vinol is made that we unhesitatingly offer to return money in every case where it fails.—W. M. Johnson, Druggist.

NOTE.—While we are sole agents for Vinol in Gainesville, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

IDENTIFIED BY EARRING.

A Broken Tooth Is Also Found as a Further Identification.

Valdosta, Ga., March 25.—Chief Dampier and Special Officer Guy Fresley captured Dick Brown, a negro who is wanted at Green Cove Springs for murder, and for whose arrest a reward of $150 is outstanding.

Chief Dampier found the negro at the Georgia Southern depot, and at first recognized him by an earring that he wore, the officer having noticed the description on a card that was sent out from the Florida town. The officer then looked at the negro's garb and found that it was exactly the same as was mentioned in the description.

After being placed under arrest the officer made the negro open his mouth to confirm his suspicions. A broken tooth made the identification complete.

The officers at Green Cove Springs were notified, and the sheriff there is expected to come here after the prisoner

The negro denies that he is the man, but Chief Dampier has been informed by negroes who know him that he is none other than the Green Cove Springs murderer.

Compete for Tennis Championship.

New York, March 25.—Jay Gould, the present amateur court tennis champion, will sail for England next Tuesday to compete in the British amateur court tennis championship tournament. It is probable that Joshua Crane, Jr., of the Boston Athletic association and Charles E. Sands, of the New York Racquet and Tennis Club, will be competitors in the contests.

KEEP YOUR HEAD UNCOVERED.

The Constant Wearing of a Hat Propogates Dandruff Germs.

There are many men who wear their hats practically all the time when awake, and are blessed with a heavy shock of hair; yet if the scalps of these same men once became infested with dandruff germs, the parasites would multiply all the quicker for lack of air. Baldness would ensue as the final result. Newbro's Herpicide kills these germs and stimulates unhealthy hair to abundant growth. Herpicide is a pleasant hair dressing as well as a dandruff cure and contains not an atom of injurious substance. Sold by leading druggists. Send ... in stamps ... The Herpi...

THE STREET CAR LINE.

This Line Is a Certainty If Council Will Grant Franchise.

It is unnecessary to recall the fact that for some time an application for charter for a street car line has been before the City Council.

This line, when placed in operation, will extend from the court house to the Seaboard Air Line, and also cars will be operated to the University of Florida. Dr. Andrew Sledd, promoter of the enterprise, is credited with the statement that the line will be established and operated upon a first-class system, should the charter be granted.

The property in the vicinity of the University is especially desirable just now, inasmuch as the surroundings have an air of refinement in which it is a pleasure to reside. There has been a lively movement of real estate, but the most sensational of all is the College Park subdivision, which is located directly opposite the University, and which affords an excellent opportunity for a home.

Interest in the sale of these lots, which are in charge of Davis & Arnold, the energetic young real estate men of Tampa, is not confined to Gainesville alone, but reservations have already been made from Micanopy and Bland in the county, also Jacksonville and Tampa. College Park is destined to become one of the best locations for investment or for residential purposes in the city, and the wise ones are not hesitating to secure lots here.

Breaks Up a Cold in Ten Hours.

Breathe Hyomei and Get Quick Relief. Cures all Bronchial Troubles.

As a usual thing a remedy that has immediate action contains powerful drugs that should be used sparingly This is one of the reasons why the ordinary tablets that are sold for coughs and colds should not be taken by people with a weak heart, as they have a dangerous stimulating effect.

When Hyomei, however, is breathed quick relief is obtained in a natural way. It's healing medication goes right to the spot where the disease germs are present, at once soothing and healing the irritated mucous membrane. The action in this way is similar to spreading a soothing salve upon a burn.

No other medicine for the cure of coughs, colds and bronchial troubles is as rational as Hyomei. Breathing it through the neat pocket inhaler which goes with every outfit, it can be used either in the nose or mouth, thus getting full medication into the nasal passage of the throat and lungs as desired. It gives almost instant relief in all affections of the bronchial tubes, and is guaranteed to break up a cold in ten hours. This guarantee is given by one of the best known druggists in Gainesville, J. W. McCollum & Co., with every Hoymei outfit they sell.

A complete Hyomei outfit, consisting of a bottle of Hyomei, an inhaler that can be carried in the vest pocket or purse, and a medicine dropper, costs but one dollar, with a guarantee that if it does not give satisfaction the money will be refunded.

Should extra bottles of Hyomei be needed they can be obtained for only 50c; the inhaler lasts a life-time.

Representatives at Baloon Race.

New York, March 25.—Word was received last night by Courtland Bishop, president of the Aero Club of America, that the Aero club of France has selected two of its representatives for the international balloon race in St. Louis on Oct. 15. They are Alfred Leblanc and Reno Gasnier. The third competitor will be named at a later date.

Clears the Complexion.

Orino Laxative Fruit Syrup stimulates the liver and thoroughly cleanses the system and clears the complexion of pimples and blotches. It is the best laxative for women and children as it is mild and pleasant, and does not gripe or sicken. Orino is much superior to pills, aperient waters and all ordinary cathartics as it does not irritate the stomach and bowels. J. W. McCollum & Co.

BLACK, ITCHING SPOTS ON FACE

Physicians Called It Eczema in Worst Form—Treated Disease for a Year but Could Not Cure It—Patient Became Despondent—Suffering Promptly Allayed and

DREADFUL DISEASE CURED BY CUTICURA

"About four years ago I was afflicted with black splotches all over my face and a few covering my body, which produced a severe itching irritation, and which caused me a great deal of annoyance and suffering, to such an extent that I was forced to call in two of the leading physicians of ———. After a thorough examination of the dreaded complaint they announced it to be skin eczema in its worst form. They treated me for the same for the length of one year, but the treatment did me no good. Finally I became despondent and decided to discontinue their services. Shortly afterwards, my husband in reading a copy of a weekly New York paper saw an advertisement of the Cuticura Remedies. He purchased the entire outfit, and after using the contents of the first bottle of Cuticura Resolvent in connection with the Cuticura Soap and Ointment, the breaking out entirely stopped. I continued the use of the Cuticura Remedies for six months, and after that every splotch was entirely gone and the affected parts were left as clear as ever. I have not felt a symptom of the eczema since, which was three years ago. The Cuticura Remedies not only cured me of that dreadful disease, eczema, but of other complicated troubles as well, and I have been the means of others being cured of the same disease by the Cuticura Remedies, and I don't hesitate in saying that Cuticura Resolvent is the best blood medicine that the world has ever known. Mrs. Lizzie E. Sledge, 540 Jones Ave., Selma, Ala., Oct. 28, 1905."

SKIN HUMORS

Eczemas, Rashes, Itchings, Irritations Cured by Cuticura

Warm baths with Cuticura Soap, gentle anointings with Cuticura Ointment, and mild doses of Cuticura Pills, afford immediate relief and point to a speedy cure of torturing, disfiguring humors of the skin, scalp, and blood of infants, children, and adults, when all else fails.

Sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston, Mass. Mailed Free, 48 page Cuticura Booklet on Skin Diseases.

As an all-around liar and slanderer, Hearst is only 'the limit.'"

The editor wishes it distinctly understood that The Sun will not advocate the election of any candidate in the present municipal campaign, believing, as we do, that the people of Gainesville understand the situation and are perfectly competent to cast their ballots as they may deem for the best interests of the city without any dictation from us. The columns of the paper are open to both sides upon the same terms.

LET US HAVE PEACE.

The following sensible and timely editorial appears in The St. Augustine Record:

"Are not the Democrats of Florida just now disporting themselves like bad boys who bring together the flocks and herds of their fathers that they may enjoy the battles between the rivals among them? Is every neighborhood to have a candidate for Governor and every man to urge his friend to enter for an office before the primaries? Will not the inevitable consequence be the injection of envy and all uncharitableness into the party, the sowing of discord among our leaders and the division of our people into little clubs, when we should all be bound together into one big fagct that our enemies cannot break?

"For the danger is greater now than when these rivals met before a convention, struggled for a day and made peace at night. Now the combat is one of weeks, the weapons are words, and, even when the candidates are especially careful, some too zealous friends may easily say too much. It is well that each try to gratify an honorable ambition, and it is a man's duty to stand by his friends, but none of us can push rivalry so far or friendship to such devotion as to imperil the interests of the people without guilt. Above and beyond personal aspirations stands our duty to the country, and the ablest man or the best candidate is little apt to be selected by the popular voice from a crowd—rather is it usual for the best talker, the sweetest smile or the longest purse to win, and none of these may be needed in the public councils. We have seen our dearest interests as a whole people attacked, and we should not deprive ourselves of strength or solidity by division and petty squabbles.

"It is also true, in all deliberative assemblies, that length of service counts for much. We may have many men as able as Mr. Sparkman, but not one of them could do us the same service by taking his place in the House—the same consideration exactly applies to Mr. Mallory in the Senate. The real work of these bodies is done in the committees, and a new man, whatever his ability, finds it impossible to exert influence, because place is accorded to seniority of service. Especially, too, is this applicable to the member of a minority.

"Let us be careful, but above all things let us keep peace with each other. Reforms are needed in the State, and from them will come division enough. Experiments are to be tried, and the system of good roads is as great an undertaking to us as the Panama Canal is to the nation. We need the service of good men in Tallahassee and in Washington, but it is just as true that one who is giving service should not be displaced, even by an abler man, who must have time and experience before he can begin to be useful.

"At such a time as this, when the South as a whole is discriminated against, when the foundations of our business system are being undermined by those charged with their protection, and the forces of unrest are led and incited by disregard of the law and principles held sacred by our fathers, we should think, when changes are advocated, and be careful how innovations are adopted and how we give faith to new doctrines."

No mistake was made when Hon. Frank Clark was elected to Congress. He is able, fearless, manly, a good debater, and in every respect qualified to fill the position, and then, when such insects as Hearet and his kind, who unfortunately often get into our National Legislature, need looking after and handled properly, he is man enough to denounce them as they deserve. Frank Clark is made of the very best material. We have differed with him at times in political affairs, but we have always admired and respected him, as one of Florida's very best public men. —Tallahassee True Democrat.

The County School Board wants the surplus in the fine and forfeiture fund to liquidate the school debt, and the county commissioners want it for building good roads. In either event the fund will be used for a good purpose.

Senator Burton says that on being released from jail he will show up a lot of public men. A lot of them probably need it, but seeing that they kept out of jail while the Senator went in, they have rather the better prima facie case.

If it were not against the law, which of course they never violate, the railroads probably would like to send the President passes to go way off somewhere on a long, restful vacation.

The New Pure Food and Drug Law.

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. J. W. McCollum & Co.

MERCURY DOES NOT CURE BLOOD POISON

While Mercury and Potash may mask the disease in the system and cover up the outward symptoms for awhile, they cannot cure Contagious Blood Poison; when the treatment is left off, the disease will return worse than before. Mercury and Potash eat out the delicate lining of the stomach and bowels, produce chronic dyspepsia, cause the teeth to decay, make spongy, tender gums, affect the bones and nerves, and often cause Mercurial Rheumatism, the most hopeless form of this disease. Thousands have taken the mineral treatment faithfully for years to find, when it was left off, that the disease had only been smouldering in the system, and the old symptoms of ulcerated mouth and throat, falling hair, copper-colored spots, swollen glands, sores and ulcers, etc., would return in all their hideousness, and they were no nearer a cure than when they first commenced the treatment. S. S. S. is the only certain, safe and reliable treatment for Contagious Blood Poison. It is the one medicine that is able to go into the blood and cure the disease permanently, and without injury to any part of the system. S. S. S. does not cover up anything, but so completely removes the poison that no trace of it is ever seen again. This medicine will also remove any bad effects left by previous mineral treatment. S. S. S. is made entirely of roots, herbs and barks; we offer a reward of $1,000 for proof that it contains a particle of mineral in any form. Write for our home treatment book, and if you desire special medical advice, our physicians will be glad to furnish it, as well as the book, free of charge.

The Farmer's Wife

Is very careful about her churn. She scalds it thoroughly after using, and gives it a sun bath to sweeten it. She knows that if her churn is sour it will taint the butter that is made in it. The stomach is a churn. In the stomach and digestive and nutritive tracts are performed processes which are almost exactly like the churning of butter. Is it not apparent then that if this stomach-churn is foul it makes foul all which is put into it?

The evil of a foul stomach is not alone the bad taste in the mouth and the foul breath caused by it, but the corruption of the pure current of blood and the dissemination of disease throughout the body. Dr. Pierce's Golden Medical Discovery makes the sour and foul stomach sweet. It does for the stomach what the washing and sun bath do for the churn—absolutely removes every tainting or corrupting element. In this way it cures blotches, pimples, eruptions, scrofulous swellings, sores, or open eating ulcers and all humors or diseases arising from bad blood.

If you have bitter, nasty, foul taste in your mouth, coated tongue, foul breath, are weak and easily tired, feel depressed and despondent, have frequent headaches, dizzy attacks, gnawing or distress in stomach, constipated or irregular bowels, sour or bitter risings after eating and poor appetite, these symptoms, or any considerable number of them, indicate that you are suffering from biliousness, torpid or lazy liver with the usual accompanying indigestion, or dyspepsia and their attendant derangements.

The best agents known to medical science for the cure of the above symptoms and conditions, as attested by the writings of leading teachers and practitioners of all the several schools of medical practice, have been skillfully and harmoniously combined in Dr. Pierce's Golden Medical Discovery. That this is absolutely true will be readily proven to your satisfaction if you will but mail a postal card request to Dr. R. V. Pierce, Buffalo, N. Y., for a *free* copy of his booklet of extracts from the standard medical authorities, giving the names of all the ingredients entering into his world-famed medicines and showing what the most eminent medical men of the age say of them.

FLAMES RAGED AT NAVY YARD.

Loss at Pensacola Amounted to $175,000—Yard Is In Darkness.

Pensacola, Fla., March 23.—Fire which started Thursday night at 10 o'clock completely destroyed building No. 1, at the Pensacola navy yard, entailing a loss estimated at about $175,000. The blaze was not extinguished until after midnight.

In the building were the foundry, blacksmith shops, boiler factory, copper shop of the department of steam, engineering department and the power house and electric lighting plant of the department of yards and docks.

The building, 300 feet in length, and 75 feet in width, had a valuation of $100,000, and machinery was valued at more than $75,000.

In addition to machinery and the equipment for the gunboats Gloucester and Isla de Luzon, were destroyed.

The fire originated in either the power house department or foundry, and had gained such headway that it could not be controlled. All efforts were centered on saving building No. 2, known as the machine shop, which, had it been destroyed, would have entailed a loss of $400,000.

Owing to the burning of the electric lighting plant, the yard is in darkness, but this will be remedied quickly, as the plant of the construction and repair department will be brought into service.

G.B.Burhans Testifies After Four Years

G. B. Burhans, of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to anyone suffering from kidney or bladder trouble." NICARAGUA ROUTS FORCES.

Salvadorans Were Put to Fight With a Loss of 1,000 Men.

Washington, March 25.—The state department received the followoing dispatch Friday from Jose D'Oliveres the American consul at Managua, Nicaragua:

"This government reports that on March 18 an army of 5,000 Salvadorans and 1,00 Hondurans, commanded by General Presa, a Salvadoran, attacked the Nicaraguan vanguard near Namisique, Monduras.

"The battle lasted three days, resulting in the complete rout of the Salvadorans, who lost 1,000 killed. Nicaragua has 20,000 troops at the front, and will commence an immediate attack on Chaluteca and Tegucigalpa."

Senor Crea, the Nicaraguan minister, has received a cablegram from his government confirming the press report to the effect that the Nicaraguan navy has captured the important Honduran Caribbean port of Celba.

Dangers of Pneumonia.

A cold at this time if neglected is liable to cause pneumonia which is so often fatal, and even when the patient has recovered the lungs are weakened, making them peculiarly susceptible to the development of consumption. Foley's Honey and Tar will stop the cough, heal and strengthen the lungs and prevent pneumonia. Lagrippe coughs yield quickly to the wonderful curative qualities of Foley's Honey and Tar. There is nothing else "just as good." J. W. McCollum & Co.

ORDINANCE NO. 132.

An Ordinance to Provide for, Regulate and Require the Widening of Pleasant Street in the City of Gainesville, so as to Make said Street a Forty-Foot Street From a Point Where Liberty Street Crosses said Street, Thence North to Boundary Street, for the Costs of Such Widening and the Issuance of Special Assessment City Certificates.

Be It Ordained by the Mayor and City Council of the City of Gainesville, Florida:

Section 1—That the City Attorney be and he is hereby authorized and directed to institute or cause to be instituted the necessary and proper legal steps of proceedings to acquire by condemnation, as provided by law, a strip of land, in equal proportions, along the east and west sides of Pleasant street from its intersection with Liberty street, thence north to Boundary street, of sufficient quantity to make said Pleasant street a forty-foot street in width, from Liberty street to Boundary street.

Sec. 2—That the cost of acquiring said property as provided by section one of this ordinance shall be paid by the special assessment of said cost against the property fronting or abutting upon said street where the same is so acquired, in proportion to the frontage of the property fronting thereon, said special assessment being made per front foot of the property abutting thereon. The estimated total cost of the widening of said street as herein provided is Three Thousand dollars, and the estimated amount per front foot of the special assessment to be levied upon the abutting property fronting on said street where the same shall be widened is One dollar.

Sec. 3—The special assessments shall become due and payable as fast as the property herein described for the widening of said street shall be acquired, and the City Council shall as soon as practicable after the acquisition of said property meet and by resolution fix the special assessment per front foot upon the property fronting or abutting upon said street where the same is so acquired, said special assessment not to exceed the actual cost paid by the city for acquiring said property, or the estimated special assessment per front foot for such acquisition as stated herein.

Sec. 4—The City Council shall meet on the 8th day of April, 1907, at 7:30 o'clock p. m. of said day, in the Council chamber, and at said meeting shall permit any owner of or other person interested in the property against which the special assessment provided for by this ordinance shall be levied to present their objections to the enforcement of requirements of this ordinance.

Sec. 5—That this ordinance shall take effect immediately upon its passage and approval.

Passed in open session of the City Council on this 7th day of March, 1907.

G. K. Broome,
President City Council.

Attest: J. M. Dell, City Clerk.

Approved by me this 8th day of March, 1907. W. R. Thomas, Mayor.
